About us

Cambridge International School is the centre of excellence for academics, traditional values and Modern Gurukul. The school is registered under the Trust ITCI, (Indian Technical Computer Institute) which was formed in the year 1996, with a vision to imbibe the skills to create dynamic leaders and responsible citizens.

The Cambridge International School Trust is registered under Government of Maharashtra SSC Board and is affiliated to CBSE Board (Affiliation No. 1130986). Cambridge International School is not only known for Gurukul concepts, Academics, skill-based activities and sports, but is also well known for its student friendly and eco-friendly school infrastructure, which was recognised and awarded by Government and various school assessing governing bodies.

We nurture the educational needs and emphasize on skills that are most desirable for the holistic development of a child. To support this CIS is the first school that has started STEAM-Robotics Training Program, Instrument and Vocal Music Academy, Sea Scott's and Guide (India) and Cambridge Commando Training Program. With the mission to spread education across India Cambridge International school has come up with chain of preschools and schools not only in Pune, but all over Maharashtra (Amravati), Himachal Pradesh (Una), Gujarat etc. We have taken an initiative towards Nation Building by offering best global practices in children through an integrated research-based curriculum.

Powered by intellectual management, dynamic team, enthusiastic parents and students, CIS has emerged as one of the finest International School in India which was recognised globally through various awards like International School Award (Dubai), National Education Leadership Award (Delhi), Innovation in Education Award (Delhi), Best Infrastructural Award (Maharashtra) and many more...

Under CIS **Cambridge Champs International Pre-School** was Incepted in the year 2010 with branches in PCMC, Maharashtra as well as PAN India.

WE LIVE OUR MISSION AND VISION.

The pillars

Cambridge International School is based on the four important pillars which lead to the holistic development of students.

Education and Technology- with the powerful use of various interactive, impactful digital teaching techniques and state of art technology we clear the concepts so that students can effectively face the competitive world.

Sports and Achievements- We focus on outdoor and Indoor sports activity as well as various extra-curricular activity through play way methodology to develop mental and physical strength, build team spirit and develop leadership quality, which provides an extra edge to the students to achieve their goals.

Gurukul Values, Yoga and Meditation-The strong foundation of humanity are our Gurukul Values, yoga and yogic Vidhya's. Yoga in simple terms can be defined as a spiritual science of self-realization. Meditation and yoga can contribute directly to improve mental focus and concentration among students. Through this technique we support to develop inner psychological strength. Control of Sense – (Pratyahara), Concentration – (Dharana) Meditation – (Dhyana) Enlightenment – (Samadhi)

Eco Friendly Environment-GO GREEN is our motto and we imbibe this in our school environment. Tomorrow's future is based on today's foundation, one of them being the Infrastructure, which develops environmental awareness, sports and performing Arts.

Growth

We are proud to announce that in past few years Cambridge International School has witnessed hundred percent growth in its result and achievement. Along with children's overall development we are also focused on the growth of all stakeholders i.e. teachers, staff, parents, brand partners and brand Cambridge International School. We have achieved trust and confidence of our stakeholders by retaining our students and teachers, imbibing Gurukul Concept in education, technology, achievements in all fronts, effective online education during pandemic and promoting e-concept across teachers and students.

In recent years CIS has spread to 5 branches across Himachal Pradesh, Gujarat & Maharashtra. We are planned to expand our brands across 20 cities in near future.

Cambridge Group of Schools

Since its inception in 2008, CAMBRIDGE GROUP OF SCHOOLS has been committed to nurturing quality and leadership in education. Over the years, the school has evolved into a platform of academics and overall development of our future generation through Gurukul Concept. We believe in nurturing students beyond books. Our institution is guided by our Director Mrs. Sheetal Dhananjay Varnekar, an enthusiastic social activist, an eminent and committed mentor. She has immense experience in handling thoughts of kids and parents. On the other hand, she has won laurels for her dedicated contribution towards community & women empowerment. and she is also an social activist and humble mentor. Under her guidance CIS won the The School of Academic Excellence Rank during Pandemic. Her tremendous social work always teaches our students to nurture the humanity. We aim to give our students a bright future.

“We cannot always build the future for our youth but we can build the Youth for our Future”

Dr Dhananjay Varnekar is the Founder Chairman of Cambridge Group of Schools, IIBM group of Institutes, Cambridge Champs International Pre schools, Varnekar Universal Foundation and Vasvik Shodh .

Chairman Dr. Varnekar is a veteran educator and Business owner with over 34 years of experience in the field of education and Hospitality Business. A renowned academician and a distinguished Edupreneur, Dr. Varnekar is a qualified mechanical engineering graduate with the most prestigious Doctorate degree. An extra ordinary human being with a humble person Dr. Varnekar is also associated with the several government projects of Skill development for youth, which are implemented in various Tribal and rural area of state. Under his guidance the group has exceeded the project implementation and management has had a wider revelation in spectra of fields ranging from Early Childhood education to PG, as well as in management communication, hospitality Aviation and many more.

Dr. Dhananjay Varnekar
Founder - Chairman

A golden hearted Dr. Varnekar is social activist working for the community wellbeing from decades under Varnekar Universal Foundation. His incredible efforts have validated when the unconditional and selfless efforts were recognized by THE INTERNATIONAL UNICEF COUNCIL with the GLOBAL ACHIEVER AWARD.

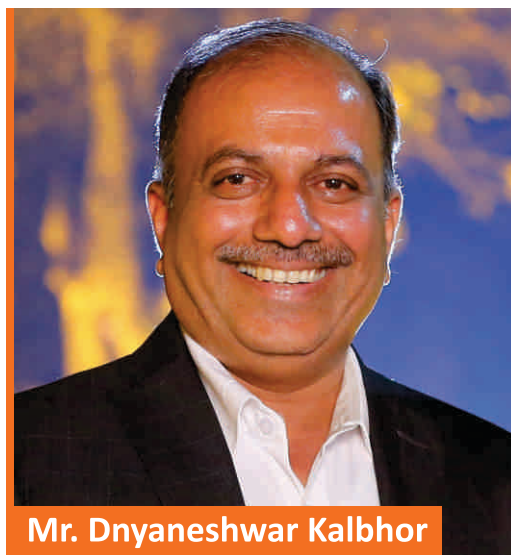

With the mission to create a unique blend of the ancient Indian Guru Shishya Parampara with the modern methodology and to promote internationalism by creating dynamic leaders and responsible citizens, the Cambridge International School, the brain child of Dr. Varnekar was established in 2008.

We at Cambridge, inculcate Core Values of Compassion, honesty, respect and responsibility more than mere words. Our values set our students apart and send them out into the world as confident and capable leaders.

Our students are equipped with life skills and knowledge that will make them thrive in the classroom and in the world beyond. We are committed to ensure that our learners achieve personal excellence and are ready for a technology-driven world, with futuristic skills. We go all-out to make strong individuals, who are energetic, reverential, and empathetic, embarking on a journey of possibilities without the fear of failure.

From decades under the patron ship of Dr. Dhananjay Varnekar Cambridge International school has won prestigious national and international accolades, like International school award, Dubai. National Education leadership award, Innovation in Education award, Recipient of Subhadra Sur Sangam Musical award, Rajyastariya Udyogratn Puraskar Mavla Trust.

We eagerly welcome our students to fly in the sky of success with the full blend knowledge of life, because Sky cannot be a limit for success and growth.

Mr. Dnyaneshwar Kalbhor
Secretary

Dear Parents,

Being an industrialist and a humanitarian, I closely observe the changes going around the country and the world. It is a big challenge for the generation next to stand out in this cut-throat competition.

I believe that only having knowledge is not sufficient, one must have the skills and confidence to present it in front of the world. Being a part of management of Cambridge International School it is our moral responsibility to strengthen our children in every aspect of life and to solve the purpose, we must provide them every required facility.

Another important factor we are addressing is the safety of each and every student. We have installed CCTV camera in all the key campus areas and also in the buses. The staff is also trained and responsible for students' safety.

Believe it or not, today's generation is smarter than expected. They explore various career prospects through internet. They understand their social responsibilities. They have inbuilt talent, we just need to polish it and guide them towards their destination.

In the last few years, PCMC has witnessed tremendous growth in all sectors- industries, technology, the infrastructure; you name it. Now it is high time for an evolution in education industry. Let's together create a bright future for our children.

Dear Parents,

Every Student deserves a Childhood full of enthusiasm and experimentation. This is a right time to allow them to expand their horizons and spread their wings. At Cambridge International School (CIS), every student get exposure to systematic extensive learning under the guidance of trained and insightful educators so that they will develop a global outlook. CIS will spare no efforts to make learning a joyful and sustainable activity for its students, making education a real celebration.

The stress-free environment encourages each child to explore, experiment and discover the world around them.

We believe in assistance and assessment. We believe in techniques and technology. We believe in honesty, integrity. We believe in strength of every student and every mentor. We believe in the concept of Modern Gurukul. We at CIS understand that to compete and establish as a leader in this highly competitive world is a challenge and to meet this challenge we are presenting herewith real in the world, unique in India- Skill Development Program.

The Skill Development Program understands students' natural talent and polishes their skills to professional level right from schooling days. The program assists and assess the children to choose their career path.

We believe that only a healthy body can achieve big. We address healthy habits and health related concerns through in-house full time medical facilities, workshops and workbooks for both students and parents.

As a Director, I welcome all parents to willingly entrust their wards in our care and we promise to give them a schooling that will enable them to compete globally, making them responsible citizens.

Mr. Ram D. Raina
Founder - Director

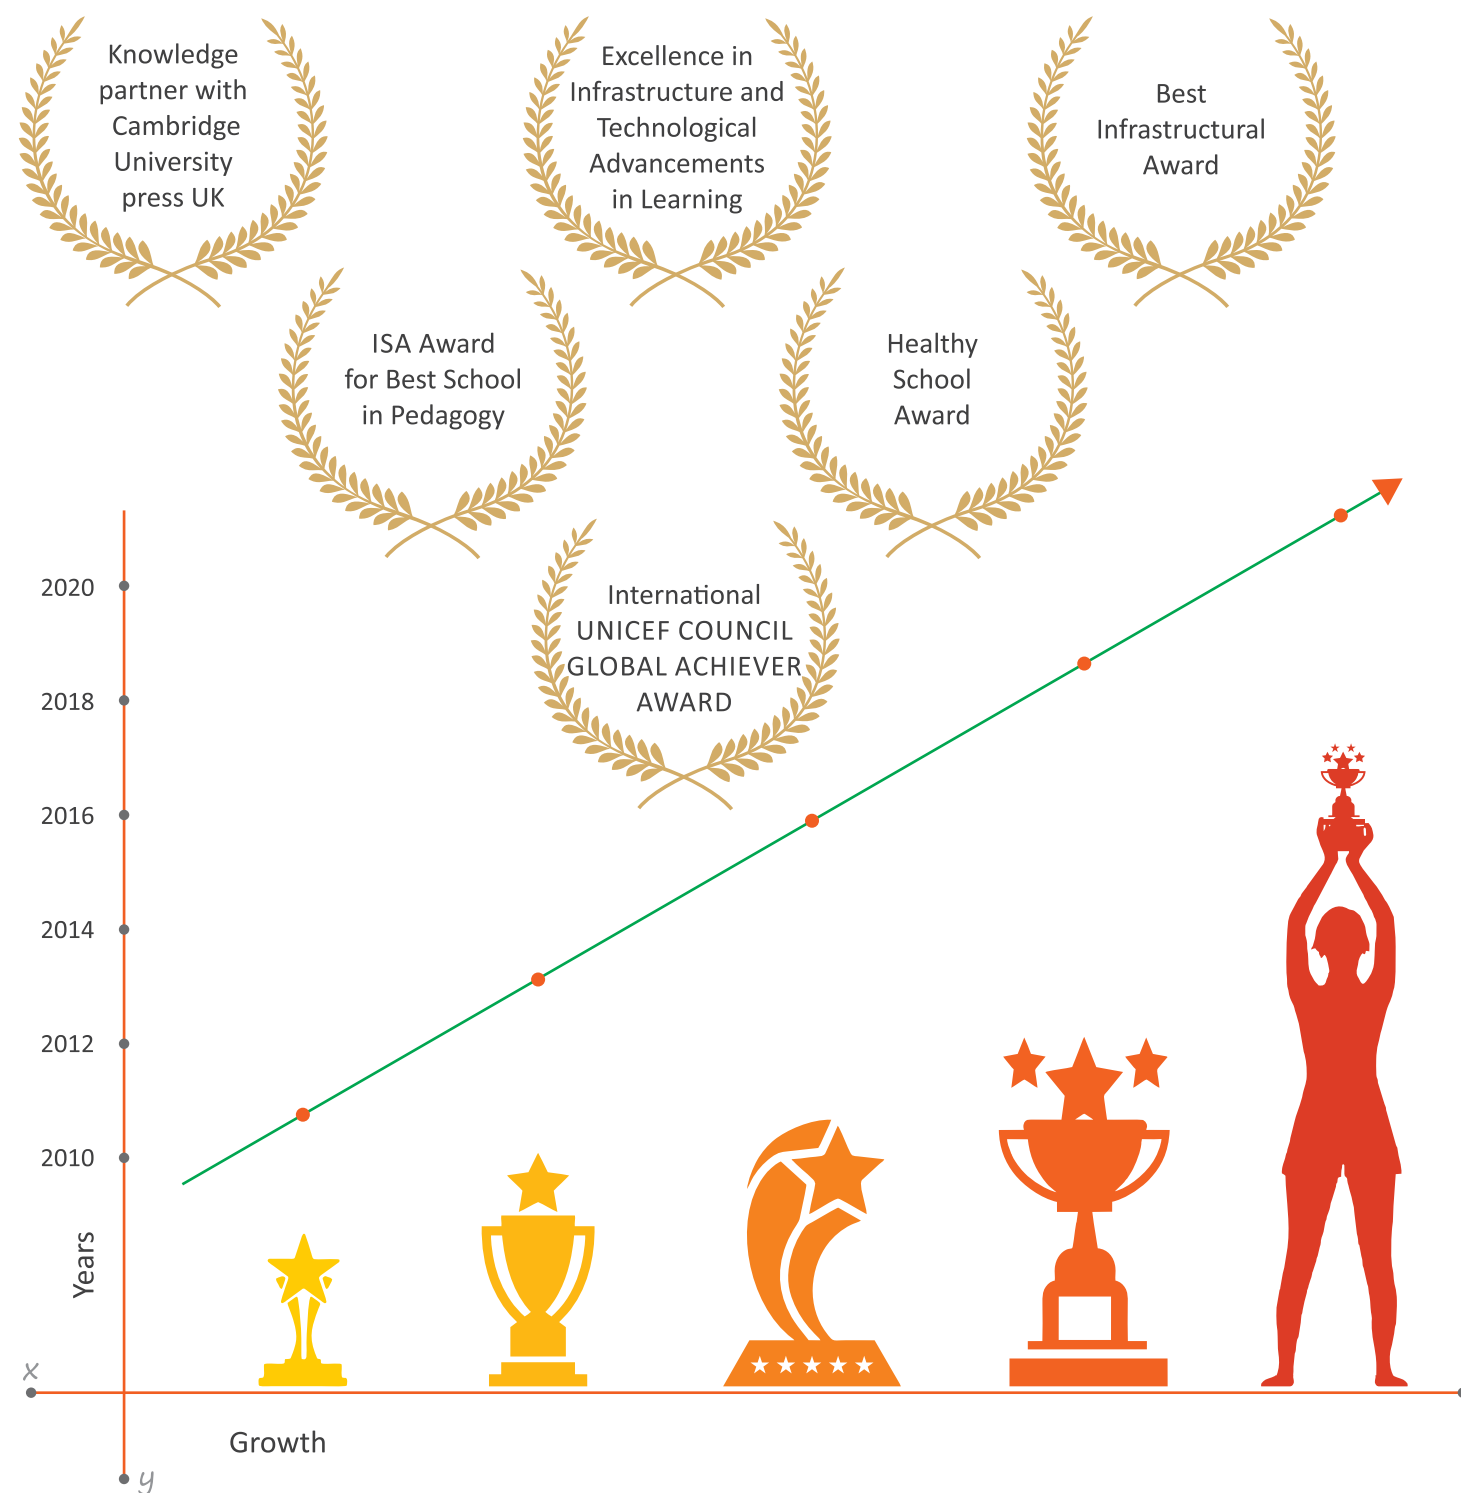

Modern Gurukul

Awards and Achievements ▶

When you perform with vision and mission, the whole world recognizes you and your presence makes a difference in the system of Nation Building approach. The awards and achievements received by the school has not only enriched the glory of the school but has also inspired us to work with greater dedication.

We have been the proud recipients of many honours and awards. To list a few-

Every unique talent is polished by the GURU (Nature, Mother, Teacher and by self). School like Cambridge gives a platform to the students to perform and here the glory of achievements begins....

Below are a few achievements of students-

Cambridge International school is the first school in PUNE to introduce'

Vision

Our vision is to create a unique blend of GURU Shishya Parampara with the modern methodology and to promote internationalism by creating dynamic leaders and responsible citizens.

Mission

To achieve our vision, we at Cambridge International School aim to

- ★ Create world leaders with humility of saint, knowledge of learned and wisdom of a guru.
- ★ Create an ambience that is a blend of Vedic values and the teachings of the modern world.
- ★ To emphasize on providing safe, challenging and relevant learning environment that inspires and creates pathways for students' success and holistic development for making them responsible and vigilant global citizens.

Core Value

- ★ 3 D's- Discipline, Dedication and Determination.
- ★ Team work
- ★ Participation
- ★ Honesty
- ★ Appreciation and Motivation
- ★ Happiness
- ★ Respect

Philosophy

Every born has a unique behavioural pattern of learning and right education enhances his mind, body and soul. We believe that in a motivating environment with the help of VAK Theory (VISUAL, AUDITORY and KINESTHETIC) the talents can be polished to create the difference.

KK Cambridge International School is the centre of excellence for academics, well known for its gurukul concepts, Academic, skill based activities and sports.

Welcome to the incredible World of Cambridge International School, Amravati. "Formal education will make you a living; self-education will make you a fortune." I am very proud to say about the structure followed at our Cambridge Group which creates a lot of interest and stress free education to the children. We strongly believe the Gurukul concept teaching with conceptual, experimental, experiential teaching and learning process.

Our Cambridge Group follows a variety of teaching methods to address different learning levels, styles and intelligence of high school students. Some of the most important teaching methods for High school include proper classroom management, motivation and a welcoming classroom environment, plus a curriculum and activities that address a multitude of learning styles. I convey my profound pleasure for the co-operation of our students, parents. I hope this will continue further. I express my honest gratitude to one and all.

"Education is not the answer to the question. Education is the means to the answer to all questions."

Dear
Students and parents,

"Education is not the learning of facts, but the training of the mind to think" **Albert Einstein**
We at CIS do not believe in imparting 'knowledge' merely as 'information' but insist on giving value-based education, which the world needs the most today. We follow Guru shishya parampara to amalgamate traditional values. The best global practices of teaching and learning Gurukul concept is the heart and soul of CIS and that's what I dream to see in every parent, teachers and my dear students. My pledge is not only to always inculcate our traditional gurukul values but also maintain futuristic perspective and adaption of T3 entangling teachers, technology along with tremendous innovative teaching methodology that's what would differentiate CIS from others. Apart from this I firmly believe that, every marble piece has within, certain unwanted parts, needing to be chiseled out by its maker, before being sculpted into a beautiful statue. As a prominent part of CIS, over the past few decades I've been working in the pursuit of this noble mission to help mould blossoming minds. For me, each and every child is very precious. I've been taking initiatives to make my dream "Education for all" or as we say, "No child to be left behind" come true. Having your education in Cambridge Gurukul, coupled with hard work, positive attitude and knowledge, your dreams will take you as far as you can imagine.. Do not look for opportunities that hide behind adversities, as there is always another way of looking forward. Wish you all the best

॥ **यत् भावो तत् भवति** ॥
You Become What You Believe

**Modern
Gurukul**

Gurukul Concept ▶

Gurukul Concept emerges from ancient GURU Shishya Parampara where the pupils used to live and study in ashramas. They used to grow as an accomplished individual – confident, decision maker, responsible citizen and capable to earn his/her own living. Under the gurukul concept we teach students to understand our existence and motto to serve self and society. At first comes the physical body. It is called स्थूलशरीरम् or the gross body. It is formed by a combination of the five great elements—earth, water, fire, air and space. The five elements mix up in a scientific manner described as पञ्चकरणम् or quintuplication.

Cambridge International School emphasizes on the most imp parameters of healthy life. We accept Nature as our GURU and every living thing associated with Nature is our Guru. Under the Gurukul Concept we train the students with traditional values and modern gurukul methodologies. The core concept behind Modern Gurukul is to connect mind, body, soul with Nature. We connect our students to the 5 elements of life that are within and in the nature. Once students understand the meaning of life and reason of living he/she will be a better human being and responsible citizen to strive towards attaining the unknown yet fulfilling journey called life.

FIRE

Creation & Transformation

AIR

New life, Power
of the mind & Communication

WATER

Calmness, Purification &
Psychic Powers

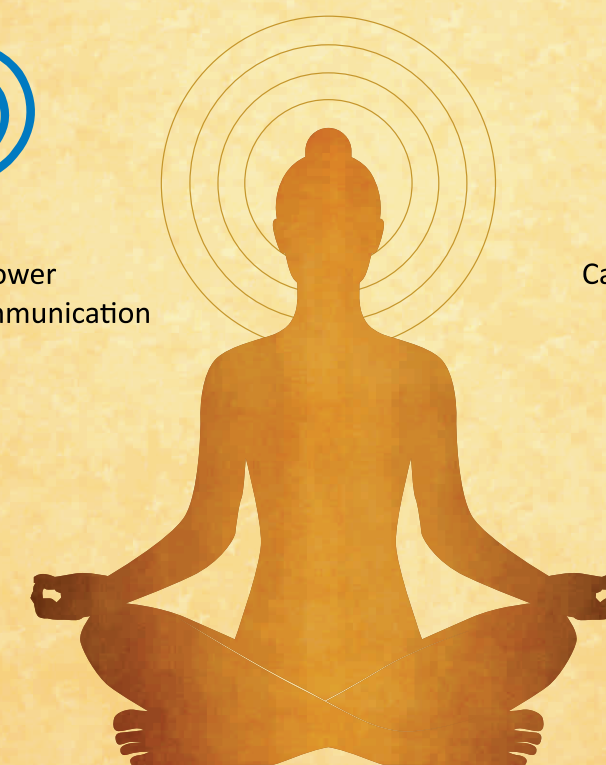

SPACE

Infinity, Pure energy &
unlimited potential

EARTH

Solid Foundation, Abundance,
fertility & Nurturing

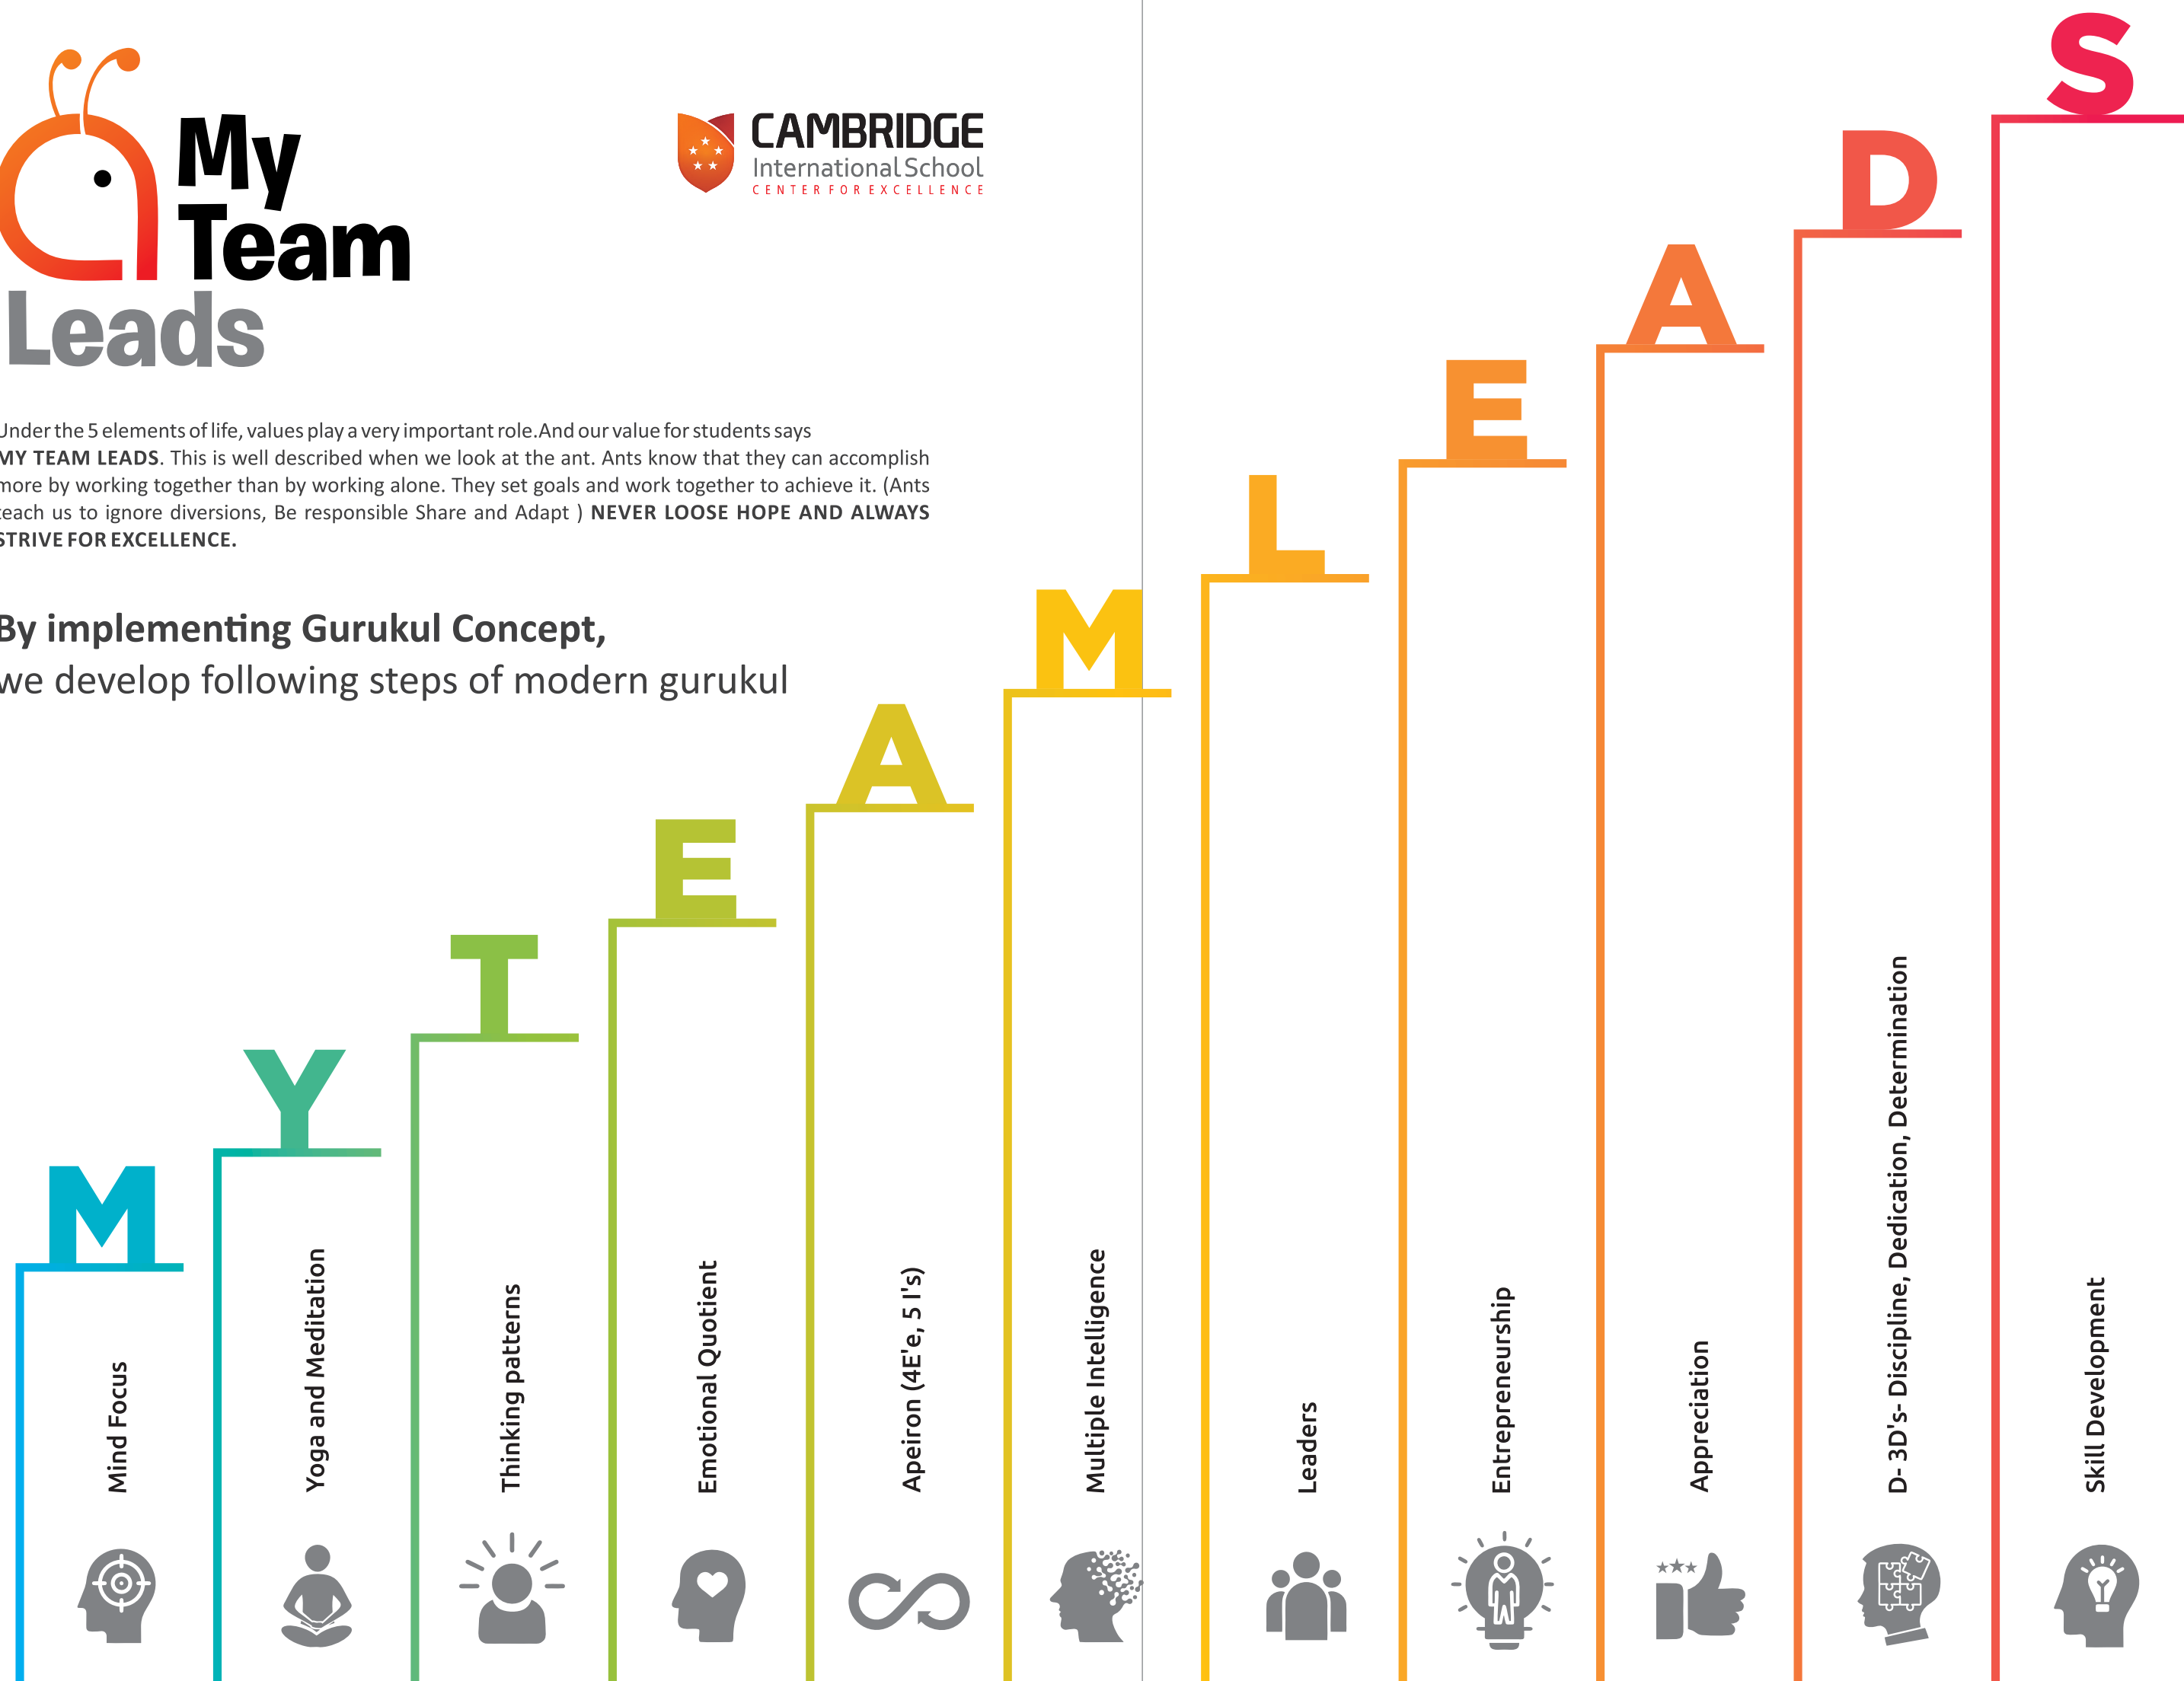

Under Modern Gurukul we connect every subject
with the 5 elements of Nature.

My Team Leads

Under the 5 elements of life, values play a very important role. And our value for students says **MY TEAM LEADS**. This is well described when we look at the ant. Ants know that they can accomplish more by working together than by working alone. They set goals and work together to achieve it. (Ants teach us to ignore diversions, Be responsible Share and Adapt) **NEVER LOOSE HOPE AND ALWAYS STRIVE FOR EXCELLENCE.**

By implementing Gurukul Concept, we develop following steps of modern gurukul

Our Ideologies

Key features

- ★ Understanding of students' interest and scope of development
- ★ Counseling from qualified psychiatrists, doctors and educationists
- ★ Instrumental and vocals
- ★ Sports, cultural and skill development programs
- ★ Robotics and space technology
- ★ Addressing Health program for students
- ★ Well Equipped campus
- ★ Cambridge Olympia Sports Complex
- ★ Special clubs and workshops for parents

When you're happy and you know it... you work hard to be a leader.

Our Approach

Happiness: There is a common saying, "Do what you love to do and you don't have to work for it". Gurukul works on the same concept. We identify the interest and hidden talent of your child and suggest an activity he would love to pursue. To solve this purpose, we have appointed a qualified psychologist to understand your child and how he or she can be groomed as an individual.

Hard work: When one gets a correct direction; he works hard to reach the destination. And in Gurukul, it is not only the child who is going to work hard. Here, every teacher and mentor pay personal attention and help students to rectify, improve and to become accomplished individuals.

Success: At Gurukul, we believe that success is beyond the numbers. It is all about how brilliantly one faces the world with born talent and a trained mind. We equip the child with whatever he needs to stand out in the competition-infrastructure, training and confidence resulting to a successful soul.

Happiness: Once your ward tastes the success, he starts exploring the same field and others as well. Eventually his happiness quotient increases with time.

Your child will follow this process for the rest of his life... **Be assured!**

We believe that every child has a unique speciality and
our students are SPECIAL

i am SPECIAL

- S Social and emotional Skills
- P Physical Development Skills
- E Entrepreneurial Skills
- C Cognitive Skills
- I Inter/ Intra Personal Skills
- A Artistic Skills
- L Linguistic Skills

“Everybody is a genius, but if you judge a fish by its ability to climb a tree, it will live its whole life believing that it is stupid. Everyone is unique in itself.” - Albert Einstein.

At Cambridge International School, we explore the uniqueness of each and every child. If a kid is active in studies and technology, he gets more exposure to Science, Mathematics and Robotics; if he is good in extra-curricular activity; he can choose dance, music and arts and if he turns towards sports, we train him cricket, athlete, archery and more.

Our students have something special in them. We find that uniqueness and polish it.

CAMBRIDGE ASTRO FAMILY

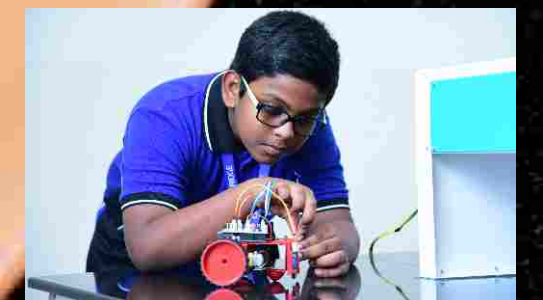

CIS Foundation Program

Cambridge preparing students for Competitive examinations like IIT, JEE, NEET, ISRO, and other National and International exams.

CIS Science and Robotics Technology

Robotics is a compendium of different disciplines that provide children with knowledge related to Science, Technology, Engineering, and Mathematics. Transmitting this range of expertise to them in a transversal and fun way facilitates the development of logical thinking while stimulating their creativity and becoming familiar with the operation of programmable objects with which they are already in daily contact.

CAMBRIDGE

SPACE | SCIENCE | TECHNOLOGY

Our Academics

The Curriculum is mapped under the significant points of MASTISHK Map. It gives Teachers and students direction for effective Teaching Learning process. This is an unique idea of our academic Team to have a map to explore, and MASTISHK Map is a unique blend of 4W's (when, what, why, where), 4 E's, 5 I's and VAK theory. It connects to **MY TEAM LEADS; I AM SPECIAL and FIVE ELEMENT THEORY OF MODERN GURUKUL.**

Importance of Mastishk Maps

- ★ Mastishk mapping increases the creativity and productivity of a student and teaching techniques.
- ★ Developing a Mastishk map is one of the excellent ways for anyone to sort through the thoughts and ideas
- ★ It will help in categorizing and organizing the ideas brainstormed. It also identifies the relationships between different topics of the same subject
- ★ The use of colors, images, and keywords in Mastishk mapping aids in enhancing your memory and retention.

Curriculum

Curriculum and Curriculum mapping is a process of recording what contents and skills are actually taught in the classroom. CIS ensures continuity of instructions, progressive skill development, Problem Solving skills, flexibility, art and craft, mastery of subject, , 4 E , 5 I and health concept.

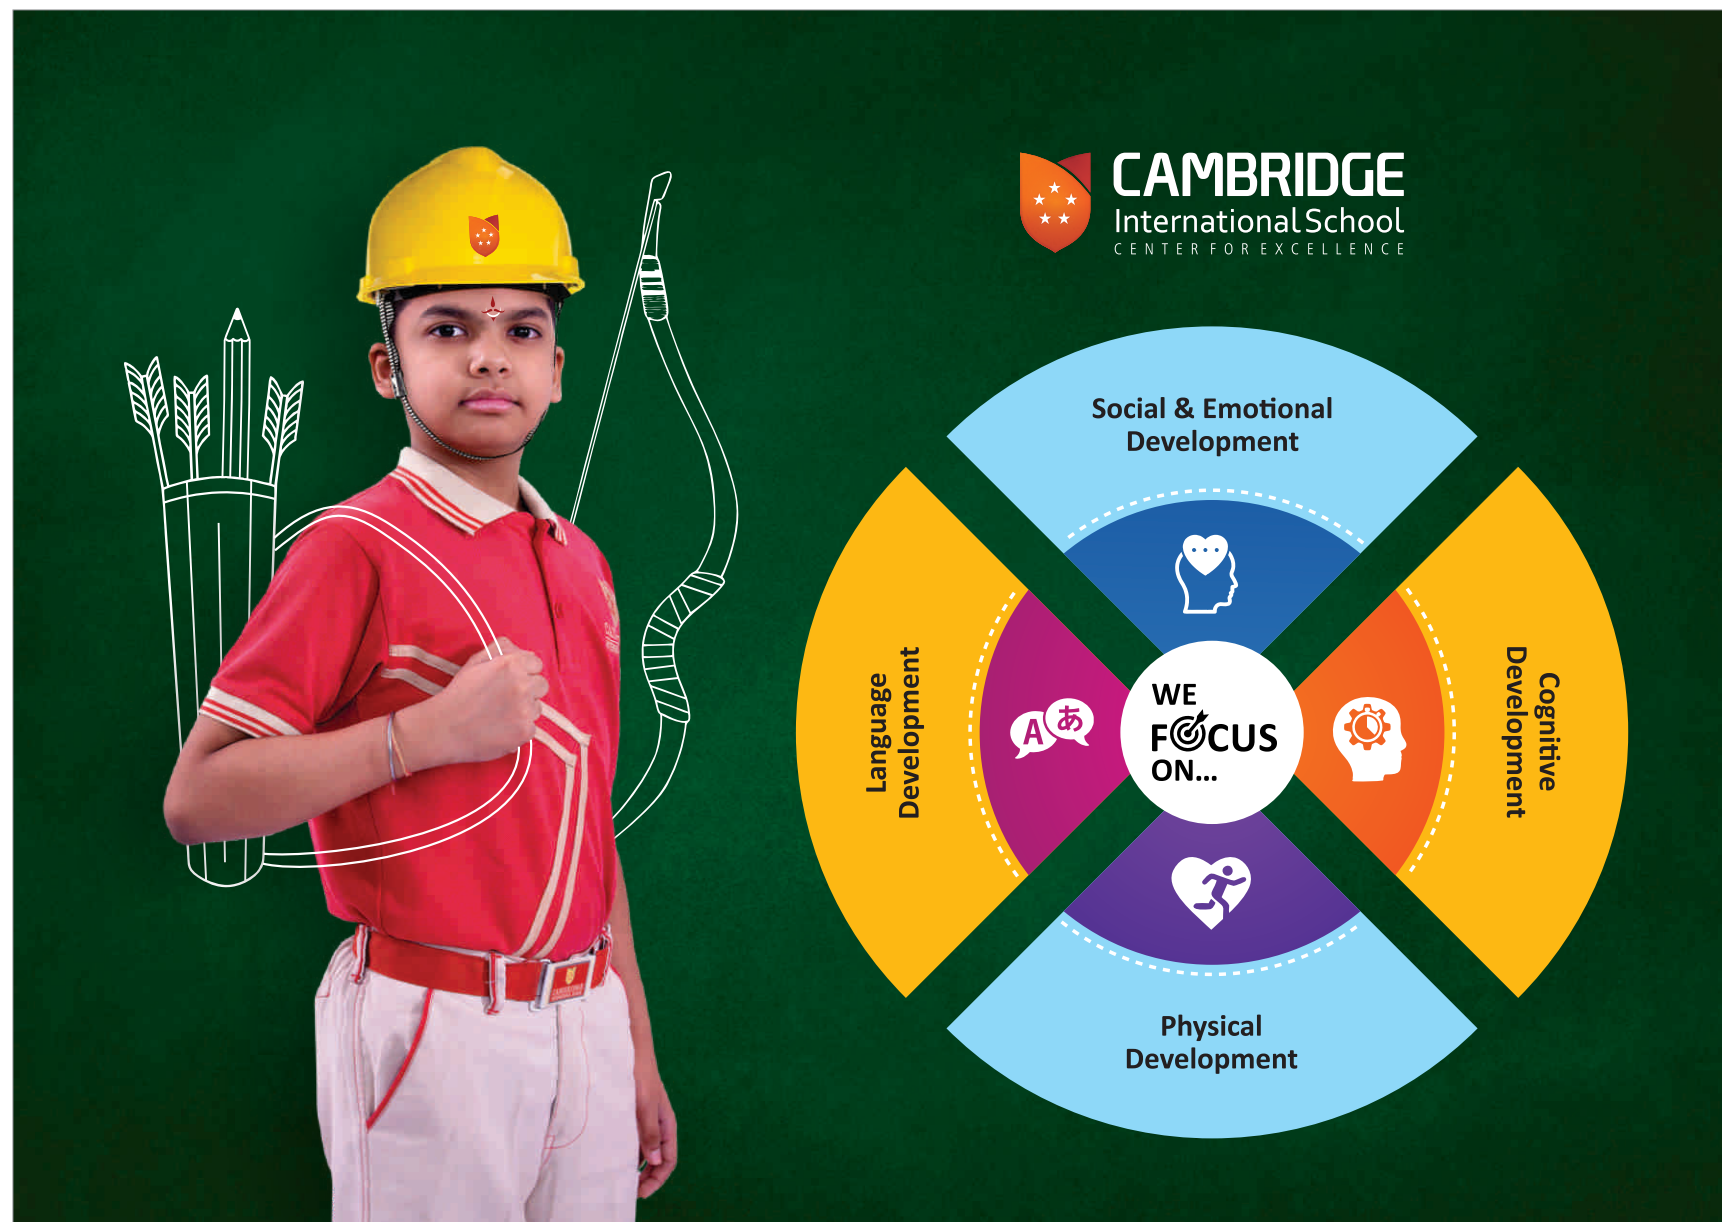

Pre-Primary section (LKG and UKG)

- ★ The curriculum focuses on play way methodology with the epicenter being the key areas of learning, catering for the overall physical, intellectual, language, emotional and social development of children. We motivate children's curiosity for knowledge and encourage interactions, independent thinking and parents' participation.
- ★ Education in early childhood is boundless, it always works as per the student's interest, inquisitiveness, involvement and interactions, which leads to students holding the TAG called **I AM SPECIAL.**

Highlights of Pre-Primary Curriculum

- ★ Integration of GURUKUL concepts (Imbibing the 5 elements of life)
- ★ Inculcating moral values
- ★ Holistic (all round) development of child
- ★ Leadership (My Team Leads) skills
- ★ LSRW Skills
- ★ Phonics
- ★ Interactive Teaching (It is through direct life experiences, sensory perception and interesting activities that children develop good habits, establish confidence in themselves)
- ★ Integrated Curriculum
- ★ Theme Based Activity
- ★ Movie, Story, Circle Time
- ★ Indoor & Outdoor Sport Activities

Primary (Std 1 to 5) and Secondary Curriculum (Std 6 to 10)

At CIS, for Primary and Secondary Level there is a curriculum framework for each subject English, Mathematics, EVS, Social Studies, Science, Computers, Sanskrit, Hindi and Marathi. Our learning module in accordance with the New Education Policy Framework ensures Universal Access at All Levels of schooling from pre-primary school to Grade 12; ensuring early childhood care and education for all children between 3-6 years; New Curricular and Pedagogical Structure (5+3+3+4). An active teaching curriculum for Music, Art and Craft and Sports helps us infuse the necessary skills right from early stages and engages students into an active and creative learning experience.

The various methods involved in learning here are Peer to peer learning, Visuals and Labs, Co-operative learning and Skill Development Programs

The methodologies adopted in secondary section are VAK Theory, 4 E Concept, 5 I concept, Mastishk Map and including the virtues of 5 elements of life in learning and teaching process

Methodology

4E Concept

- ▶ **English** – Inculcating Communication, Self-Expression, Literature, Grammar skills and Vocabulary enhancement.
- ▶ **Mathematics** – Building Problem-Solving And Critical Thinking Skills
- ▶ **Science** – Igniting Curiosity and love For Experiential Learning, Research and Development
Turning complex things to simpler form is the essence of science and we apply this in our teaching methodology.
- ▶ **EVS** – Fabricate awareness about Social, Natural, Cultural Interdependence and Go Green Concept
- ▶ **Social Studies** – Creating conscious, responsible citizens, connecting to cultural values and Ancient science.
Computers / Robotics, A.I and Software Coding – Building Futuristic Technical Skills- Special Robotics and coding programs for Std 1 to 10, which includes Mechanical Engineering concepts, magnets, electric sensors and 3 D Animation based printing with Drone Technology.
- ▶ **Music** – We create a state of Art environment by providing National and International standard teachers for instrumental and vocal Learning .
- ▶ **Art and Craft** – Developing Passion for Creativity and expressions.

► **Sports – Nurturing The Importance Of A Healthy Body And Mind**

- ★ Stimulating mental alertness and physical flexibility through yoga, meditation and stretches.
- ★ Developing team spirit through games like Cricket, football, hockey, basketball.
- ★ Encouraging personal growth and development through individual games like Skating, athletics, Speedball, karate, Tennis, Chess
- ★ Instilling discipline through drills, march past and cultural display on Sports day.

We touch
the various aspects of
your personality

Infrastructure

Cambridge International School is the head office of Cambridge group of schools with an eco friendly environment and modern amenities. The campus is elegantly designed as per the students' requirements and convenience. Spacious, airy classrooms with sufficient natural lights and modern teaching devices, huge sports ground, laboratories, library, cultural rooms and space for indoor games and much more is accommodated in CIS campus.

- ★ Digital Classroom
- ★ Digital Library
- ★ Multi – purpose room
- ★ Air-conditioning
- ★ Transport
- ★ Library
- ★ Medical Room
- ★ Music Studio
- ★ Yoga Room

At Cambridge International School we address health related issues of every child. We create awareness about importance of nutrients and hygiene through regular health check-ups.

AddressHealth Medical Room

AddressHealth sets up and runs fully equipped, telemedicine enabled, nurse led health units in schools called AddressHealth Centres. AddressHealth Centre not only plays the role of school infirmary but also acts as a coordination hub for various health activities.

AddressHealth Nurturing Schools

The Nurturing program has four key components – Screening, School based group workshops/ therapies, Workshop for teachers and special workshops for parents.

AddressHealth Education with Workbooks

Sequential, structured health education curriculum for school children, designed by experienced health experts and educationalists.

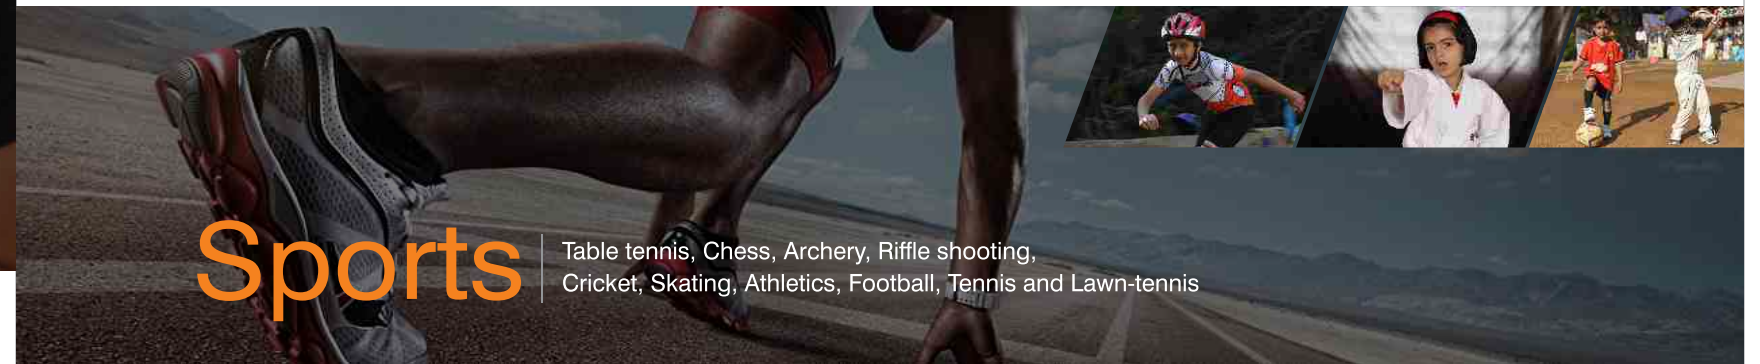

AddressHealth Check & Follow Up

Comprehensive health screening, health checks and follow up consultations with parents by a multidisciplinary team that goes beyond mandatory requirements.

Skill development ▶

Don't wonder if your kid is repairing a gadget for you or gifting his first animation film on your birthday or creating scenic photographic collage of your last vacation. Gurukul concept develops important skills in the child, which helps him to choose his career and keeps him ahead of time.

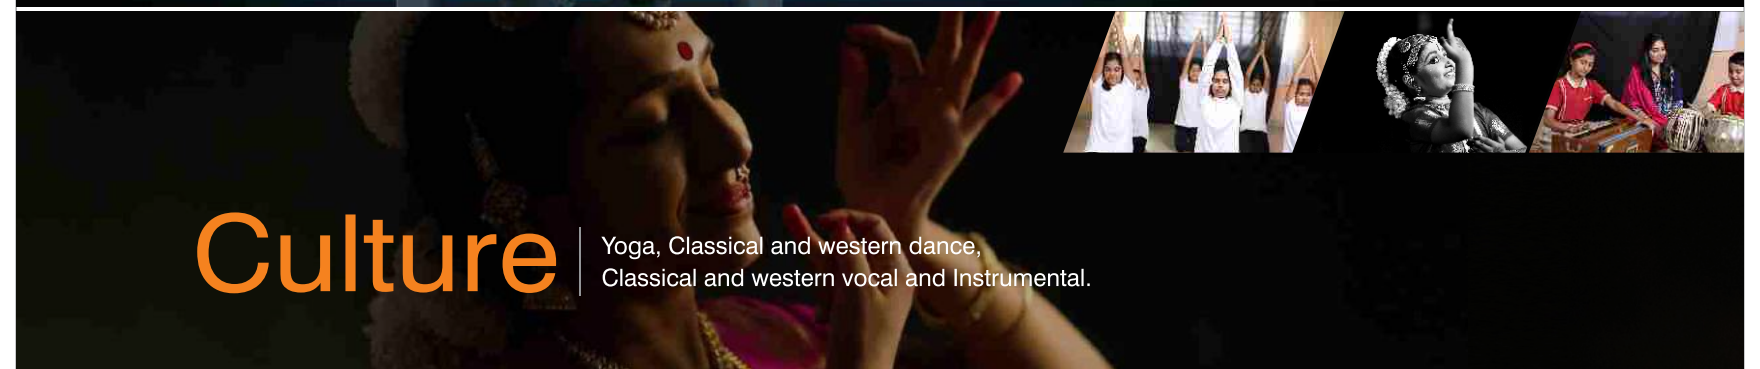

Sports

Table tennis, Chess, Archery, Rifle shooting, Cricket, Skating, Athletics, Football, Tennis and Lawn-tennis

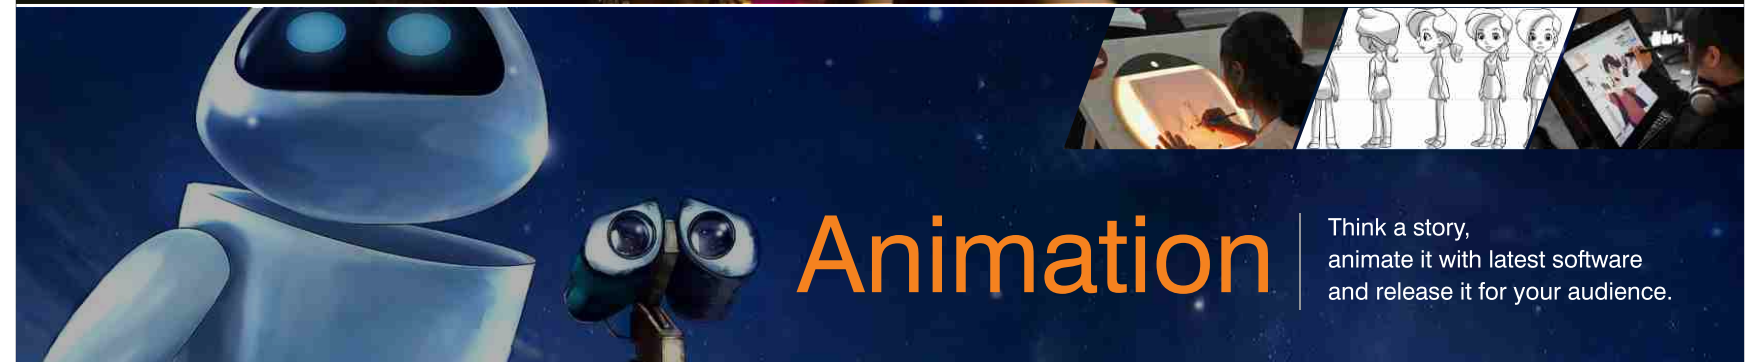

Robotics

To develop mechanical and computer skills

Culture

Yoga, Classical and western dance, Classical and western vocal and Instrumental.

Animation

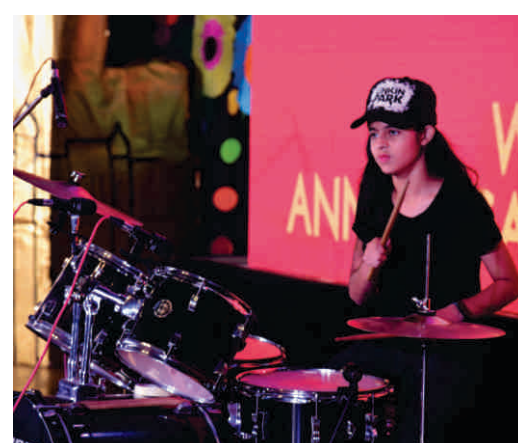

Think a story, animate it with latest software and release it for your audience.

Photography

Learn the fundamentals of professional photography. The training concentrates on technical aspects of street, scenic and model photography.

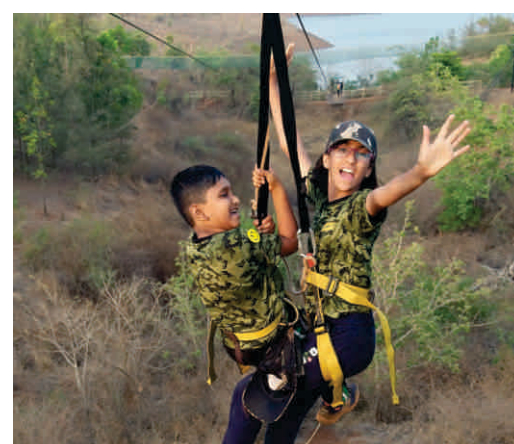

Cultural activities ▶

School achievers ▶

Sports activity ▶

Admissions open
From LKG to 10th

ADMISSIONS OVERVIEW & PROCESS ▶

Dear parents,
Welcome to Cambridge family. You are requested to complete the following formalities to enroll your child in this academic year.

- Please ensure the information shared by you is valid and accurate.
- On the approval of forms, you along with your ward will be invited for an aptitude test (applicable for primary and secondary) and for an interaction with the principal. You are requested to follow allotted time and date slot.
- On passing the above procedure, parents are requested to pay the registration and school fees as instructed within 7 working days.
- Parents are requested to undertake school policy, transportation and tuition fees policy.

* Age criteria as per the government norms

Documents required

For pre-primary point no. 1 to 7 and for primary & secondary point number 1 to 10 are applicable

1. Original Birth Certificate
2. Aadhar Card photocopy
3. Caste Certificate (if any)
4. Health related form
5. Student's Photo - 4 copies
6. Parents' Photo - 2 copies each
7. Present residential address proof
8. Leaving Certificate of previous school
9. Previous school - UDISE No.
10. Original Report Card

**Happy Schooling
with Cambridge International School**
